

Sattler PRO-TEX GmbH | Sattlerstraße 45 | 8077 Güssendorf, Austria

Dated: 10th August 2023

AUTHORITY LETTER TO M/S GEON ENGINEERS PRIVATE LIMITED

Sattler Pro-Tex, a distinguished German manufacturer specializing in membranes for Double Membrane Gas Holders / Balloons, through its India representation, is pleased to authorize M/S Geon Engineers Pvt Ltd. This esteemed entity is renowned for its expertise in engineering and consultancy services within India's Biogas Plant sector. This authorization empowers them to proficiently market, promote, and sell Sattler Double Membrane Gas Holders across India.

The SATTLER GROUP, established in 1875, is a globally operating, family-owned firm headquartered in Austria. With headquarters in Gössendorf (AT), production plants span Rudersdorf (AT) (Germany), Greven (DE) (Germany), and Hudson (USA). With more than 30 years of experience in the manufacture of coated membranes for biogas storage and roofs, Sattler Pro-Tex offers the lowest possible biogas permeability, high resistance to aggressive substances contained both in the biogas and the condensate, as well as excellent weathering resistance and long lifespan.

Our association with M/S Geon Engineers Pvt Ltd aligns expertise and dedication. Their excellence in Biogas Plant consultancy resonates with our commitment to revolutionary solutions.

As we journey forward together, we are confident that this association will not only amplify the reach of our state-of-the-art products but also foster new possibilities and avenues of growth. The fusion of Sattler's legacy of innovation and Geon Engineers' unwavering commitment sets the stage for a dynamic association that promises to set new benchmarks in the biogas industry.

Thanking You
